On 27 May 2019

Dear Dr Huai Liu,

I am very pleased to host your visit and collaborate with you. Up to now, we have jointly published several papers in international journals and conferences. I hope we can continue the collaboration and explore related research topics in software testing. We will share progresses recently made on metamorphic testing, dynamic random testing and discuss promising research directions.

I would like to invite you to visit us for 10 days starting from 3 July 2019. We will cover all necessary expenses associated with your visit, including your international and local travel expense, and accommodation expense. We will be very happy to provide you with the necessary visits in our laboratories etc.

Please feel free to contact me if you have any questions about your visit. I look forward to meeting you here and collaborating with you.

Please let me know if you have any further questions.

Sincerely yours,

(Signature)

A handwritten signature in black ink, which appears to be "Chang", is written over a red circular stamp. The stamp contains the Chinese characters "北京科技大学" (University of Science and Technology Beijing) and a red star in the center.
